We are particularly glad to inform you of promotions within Luther Luxembourg for this year 2014:

Aurélien Latouche, Mathieu Laurent and Selim Souissi will be promoted partners within the department M & A, Corporate Law.

Meanwhile Laurent Massinon becomes a partner. Laurent is managing the Banking & Finance, Capital Markets service line since 2012.

These promotions are a culmination of the sustained growth period that Luther enjoyed in Luxembourg these last four years. "I'm obviously delighted to reinforce Luther Luxembourg with new partners of high values. Indeed, more than ever these nominations reward a certain loyalty to our firm and excellence in internal involvement, management skills and technical maturity. We are also particularly keen to preserve an optimal level of involvement by the partners in client files, despite the needs of a steady growth." explained Eric Sublon, Managing Partner.

Luther is definitely writing a nice chapter of its young history in Luxembourg.

These nominations are taking effect from 1st March
